From the PMP: How Premise
Delivers Value for Me

From the PMP: How Premise Delivers Value for Me

Butch Tilley, Home Paramount®

“We felt that the Premise® price and value matched up with exactly what we needed. We realize that we do not have to sacrifice quality products and unwavering service in order to improve the bottom line.”

Ward Schuller, Turner Pest Control

“Our Bayer sales representative has helped us realize that it isn’t about being the cheapest or the most expensive, it’s about selling the best value – and that is what Premise offers.”

Roy and Shawn Rich, E-Town Exterminating

“One of the most important aspects of Bayer is, of course, their consistently great products. What is even more important to us, however, is having people there when you need them, and Bayer is always here for us.”

Nick Raschella, Ace Exterminators

“We use every formulation of Premise that is available because each one is tailored to handle specific situations. We get less callbacks and more satisfied customers, which is evidence to me that Premise works.”

Mike Davis, Black Pest Control

“When it comes to knowledgeable, honest salespeople, Bayer Environmental Science is simply head and shoulders above the rest. The support Bayer offers our company is hard to beat.”

Tony Winebrenner, Citrus Pest Management

“When our technicians leave our customers’ homes, they have peace of mind knowing Premise will continue to do its job and deliver the best termite protection on the market.”
