All rates and intervals should be varied on the approved state label associated with product packaging. Not all products, rates and diseases are approved in all states. Please consult labels prior to applying.

¹Topchoice is a restricted use pesticide. Topchoice may only be used in states with red ant quarantines. See label for full details. ²Topchoice controls listed pests when initially treated for red ants. ³Maximum annual use rate for Topchoice on sod farms is 174 lbs./A/year in red ant quarantine states. ⁴Suppression of pest only. ⁵Max use is dependent on type of insect. See label for details. ALWAYS READ AND FOLLOW LABEL INSTRUCTIONS CAREFULLY.
